Real – Wall clock  
Design by Michael Young

The 'Real' wall clock was designed as a homage to minimalism. A technical feat, carved from an 18-mm sheet of aluminium and available in two muted colourways: black and champagne. A tribute to modern aesthetics and the industrial process used for its production, the design's unnumbered metal dial requires no additional elements to accent a wall without ostentation.

Leaving nothing more than an outline, beyond time.
